

Lesson 10 Exercise 1

In these exercises, first mark the X-Words and Main Verbs. Is **have, has, had** an X-Word or a verb?

Example: ^{VXS}
verb Alexa has a new puppy.

X-Word verb ^{VXO}
We only **have** enough time to go to one more store.

X-Word verb ^{X dtn}
They **have left** for vacation.

X-Word verb ^{VXS}
Her child **has** a bad cold.

X-Word verb ^{VXS}
The month of February **has** 29 days in leap year.

X-Word verb ^{X dtn}
She **has worked** at Kohl's for 12 years.

X-Word verb ^{X mw dtn}
Suzy **had** already **eaten** when Tim asked her out to dinner.

X-Word verb ^{X dtn}
The population of the United States **has grown**.

X-Word verb ^{X dtn}
I **have** never **been** to South America.

X-Word verb ^{VXS}
Mariana **has** a new dress for the party.

X-Word verb ^{X dtn}
He **had been** in the hospital for three weeks.

Lesson 10 Exercise 2

Do you remember the rules for making negatives and questions in sentences with visible X-Words? Write these sentences as negatives, then as Y/N questions.

"Experiences"

- 1 Stan has been in college in Russia for three years.
 (NEG) **Stan hasn't been in college in Russia for three years.**
 (Y/N) **Has Stan been in college in Russia for three years?**
- 2 Sandra has visited Taiwan and South Korea.
 (NEG) **Sandra hasn't visited Taiwan and South Korea.**
 (Y/N) **Has Sandra visited Taiwan and South Korea?**
- 3 Robin had already graduated from college at 20.
 (NEG) **Robin had not already graduated from college at 20.**
 (Y/N) **Had Robin already graduated from college at 20?**
- 4 Maya and Richard have met the President of the United States.
 (NEG) **Maya and Richard haven't met the President of the United States.**
 (Y/N) **Have Maya and Richard met the President of the United States?**
- 5 Aza had already won many piano competitions by the time he left high school.
 (NEG) **Aza had not already won many piano competitions by the time he left high school.**
 (Y/N) **Had Aza already won many piano competitions by the time he left high school?**

Lesson 10 Exercise 3

Do you remember how to make questions and negatives in questions with hidden X-Words? Mark any X-Words and verbs in these sentences. Write each sentence as a negative and a yes/no question.

How many meanings of "have" can you find? Possession? Eat? Drink? Experience?

1

VXO-do

- My sister and her husband **have** three children. (possess)
- (NEG) **My sister and her husband don't have three children.**
- (Y/N) **Do my sister and her husband have three children?**
